# Falling

(Music & Lyrics Christine Sweet)

Climb the stairs that's build on your love  
What I wear is made by your eyes  
Freeze the sky in the color of your hair  
I don't know why I'm falling

Chorus:

In love, I'm loving you so much  
In love, you strike me with your touch  
Maybe I am loving you too much but  
Oho baby I never gonna stop

Surprise, you love the way I am  
It's just like Alice's wonderland  
Walk the road of your fantasy  
What do I know, I think I'm falling

Chorus:

In love, I'm loving you so much  
In love, you strike me with your touch  
Maybe I am loving you too much but  
Oho baby I never gonna stop

Bridge:

I think I'll go insane, I'm living in a tree  
You make me feel like Jane and you're the monkey  
I'm loving you 'til death, I'm squeezing you all night  
You fuck me out of breath until the morning light

Chorus:

In love  
In love  
Maybe I am loving you too much but  
Oho baby I never gonna stop

Chorus:

In love  
In love  
Maybe I am loving you too much but  
Oho baby I never gonna stop

Outro:

Eat me up, I want to be inside you  
Knowing why, I'm falling
