I Wanna Love Ya

(Music & Lyrics Christine Sweet)

You're lying there, in the coldness of the morning
Your eyes are closed and your hair rests on the ground
When you smile, I see your tongue against your teeth, yeah
There's only one thing that's going through my mind

La la la la la, la la la
La la la la la, la la la

And when you walk, into the darkness of the evening
The magic drips from the shadow you leave behind
Well you know who I am, you know what's going on now
There's only one thing that's going through my mind

Chorus:

I wanna love ya
I wanna love ya

La la la la la, la la la
La la la la la, la la la

And when you cry, my fascination seems to harm you
Maybe I can catch your tears before they hit the ground
Well you know who I am, crying makes me weak yeah
There's only one thing that's going through my mind

Chorus:

I wanna love ya
I wanna love ya

Bridge:

Your eyes to my eyes
Your mind to my mind
Your skin to mine
Yeah you got to stay awake on nights like this

Aaaaaaaaaah
Leave me with paradise found

Chorus:

I, wanna love ya
I wanna love ya
