The Music

Jane Doe

(Music & Lyrics Christine Sweet)

Death is part of life
A destination, a mutilation
Walk into the light, (that's what they say)
Just concentrate, just have faith

Chorus:

I watched you die
I could not cry
Live was getting colder
And I just grew older

It feels like

Jane Doe like, Jane Doe like, Jane Doe like, Jane

Life is part of dying
Like a sick joke, (come on let's have a smoke)
A great walk through darkness
No heaven or hell, who can tell

Chorus:

I watched you die
I could not cry
Live was getting colder
And I just grew older

It feels like

Jane Doe like, Jane Doe like, Jane Doe like, Jane
Jane Doe like, Jane Doe like, Jane Doe like, Jane

Solo instrumental

Chorus:

Ohohoho, I watched you die
I could not cry
Live was getting colder
And I just grew older

It feels like

Jane Doe like, Jane Doe like, Jane Doe like, Jane
Jane Doe like, Jane Doe like, Jane Doe like, Jane
Jane Doe like, Jane Doe like, Jane Doe like, Jane
Jane Doe like, Jane Doe like, Jane Doe like, Jane...
