The Metaphor

(Music & Lyrics Christine Sweet)

When a flower grows she don't care who knows
She never takes away her beauty
She grows on the ground for everyone to be found
Gives her honey to the whole community

From every monday all the way to sunday
She opens with every new day
Until she falls back to the ground

Chorus:

I think you've got your feet back on the floor (shoobydoowa, shoobydobydoowa}
Unconsciously your mind will be more open for (shoobydoowa, shoobydobydoowa}
When some things need to change
When bad things have to fade away
When you have to save the day

Hey hey hey hey hey hey (shoobydoowa, shoobydobydoowa}
Hey hey hey hey hey hey (shoobydoowa, shoobydobydoowa}
To get the message through the door
We'll sing it in a metaphor, long live the metaphor

Some things can better be left unsaid
But when it's clinging in my head I better write it in a song
And maybe baby baby maybe,
You think I'm a little crazy, Well I was crazy all along

Chorus:

I think you've got your feet back on the floor (shoobidoowa, shoobidibidowa}
Unconsciously your mind will be more open for (shoobidoowa, shoobidibidowa}
When some things need to change
When bad things have to fade away
When you have to save the day

Hey hey hey hey hey hey (shoobydoowa, shoobydobydoowa}
Hey hey hey hey hey hey (shoobydoowa, shoobydobydoowa}
To get the message through the door
We'll sing it in a metaphor
Long live the metaphor
To get the message through the door
We'll sing it in a metaphor, long live the metaphor

Tell Me

(Music & Lyrics Christine Sweet)

It's something in the past they say
The reason I was building these walls
Take these pills, it's the modern way
Makes you feel comfortable behind
your wall
It seems all like a twilight zone going
wrong on and on and on

Chorus:

If somebody's out there oh yeah
Somebody save me oh yeah
Somebody tell me everything's alright
Somebody tell me I'm okay and I am
lost and found, lost and found
If somebody's out there oh yeah
Somebody save me oh yeah
Somebody tell me tell me everything's
alright

What the hell is wrong with us
Why avoiding the pain
Tell me tell me what's the buzz
Without pain no gain no gain
Must it be like a twilight zone going
wrong on and on and on

Chorus:

If somebody's out there oh yeah
Somebody save me oh yeah
Somebody tell me everything's alright
Somebody tell me I'm okay and I am
lost and found, lost and found
If somebody's out there oh yeah
Somebody save me oh yeah
Somebody tell me tell me everything's
alright

Bridge:

Hug me love me shake me till I'm back
again
Hug me love me shake me till I'm
healed again
Love me love me love me love me
Love me love me till I'm healed again

Chorus:

If somebody's out there oh yeah
Somebody save me oh yeah
Somebody tell me everything's alright
Somebody tell me I'm okay and I am
lost and found, lost and found
If somebody's out there oh yeah
Somebody save me oh yeah
Somebody tell me tell me everything's
alright

Outro:

Everything's alright, If somebody's out
there
Everything's alright, Somebody save
me
Everything's alright, If somebody's out
there
Everything's alright, Save me
Everything's alright, If somebody's out
there
Everything's alright, Somebody tell me
Everything's alright

Stupid Me And You

(Music & Lyrics Christine Sweet)

Holding, holding on to you
Laughing, thinking this ain't true
I hold on to my part, be pretty and be smart for you
But that's no guarantee for you to be with me, why am I such a fool

Chorus:

And all I wanna do, is holding back the line
All I want is you, and keeping up a smile
And when I'm close to you, I don't care about the lies
Stupid me and you

Holding, you're holding on to me
Hiding, truth we don't wanna see
We have to let it go, but we don't wanna know, what's right
You look the other way, when I ask you will you stay, stay the night

Chorus:

And all I wanna do, is holding back the line
All I want is you, and keeping up a smile
And when I'm close to you, I don't care about the lies
Stupid me and you

Bridge:

Padadadam Padadadam Padadadam
Padadadam Padadadam Padadadam
Padadadam Padadadam

Chorus:

And all I wanna do, is holding back the line
All I want is you, and keeping up a smile
And when I'm close to you, I don't care about the lies
Stupid me and you you you and me
Stupid me and you you you and me
Stupid me and you you you and me
Stupid me and you you you and me

Outro:

Padadadam Padadadam Padadadam

The Music

If No One Loves Me

(Music & Lyrics Christine Sweet)

I'm not sure, but I guess that you've heard that before
It is me and my worst case scenario
I'm alone, and I'm used to be on my own
Don't expect me to jump into your great unknown

Chorus:

If no one loves me, no one leaves me, no one goes away
If no one loves, no one grieves me, no one drags me through the pain
Hey hey hey hey hey hey, if no one loves me
Hey hey hey hey hey hey, hey

Now you know, I am simply prepared to let go
It's the best for us both, there's no cure
I don't want you to fall in love with me
I will fight till it ends, until you'll see...yeah!

Chorus:

If no one loves me, no one leaves me, no one goes away
If no one loves, no one grieves me, no one drags me through the pain
Hey hey hey hey hey hey, if no one loves me
Hey hey hey hey hey hey, heeee

Bridge:

Keep it inside, oh me oh my that's mighty fine
Lock it and hide, and who will try must pay the price
For beautiful walls, for private calls and magic dance halls
No one comes in, I won't begin to let you in

Chorus:

If no one loves me, no one leaves me, no one goes away
If no one loves, no one grieves me, no one drags me through the pain
Hey hey hey hey hey hey, if no one loves me
Hey hey hey hey hey hey, hey

Outro:

If no one loves me, no one leaves me
If no one loves me, no one leaves me
If no one loves me, no one leaves me
If no one loves me, no one leaves me

One Day

(Music & Lyrics Christine Sweet)

You and I, we were terrified
To be true, like the stars that shine
What was I, without a real good fight
Now you're gone, out of my sight

And there's nothing, nothing to dance for
Nothing, nothing to fight for

Chorus:
One day, I will find, the love I deserve

Now I'm crying, I am terrified
I know it's our own self-fulfilling prophecy, like the stars in the sky
And why did you have to flee so soon, away from a real good love
You threw your weapons away, I'm standing alone with my sword

And there's nothing, nothing to dance for
Nothing, nothing to fight for
You keep me hanging, out on the dance floor
Wondering, what is this good for

Chorus:
One day, I will find, the love I deserve
One day, I will find, the love I deserve

Bridge:
And so will you, hey hey, and it will make you blue, oohohohoho
And so will you, you're gonna be blue, too, oh hey hey hey

Chorus:
One day, I will find, the love I deserve
One day, I will find, the love I deserve

Outro:
One day, ooooohoho
One day, ohohowoo, ooooohoho, oooohoho

New Morning Comes

(Music & Lyrics Christine Sweet)

No time for fun, no time for love
No time for reaching out, damage is done
No safety zone, you are all alone
Better move your eyes, towards the sun

Chorus:

Cause it will take as long
Until the new morning comes
And it will fade, it all away

You just made a very bad choice, bad shit just happens
Why not give your grief a voice, and sing until it never happened
Time sure will heal, no way you're gonna hang your head
We all have to deal with mistakes, and sometimes it's bad

Chorus:

Cause it will take as long
Until the new morning comes
And it will fade, it all away

Bridge:

Things happen to you, things happen to me too
It's all right it's ok, it's all right it's ok, It's all right it's ok, it's all right it's ok
Things happen to you, things happen to me too
It's all right it's ok, it's all right it's ok, It's all right it's ok, it's all right it's ok

Chorus:

Cause it will take as long
Until the new morning comes
And it will fade, it all away

Bridge:

Things happen to you, things happen to me too
It's all right it's ok, it's all right it's ok, It's all right it's ok, it's all right it's ok

Chorus:2x

Cause it will take as long
Until the new morning comes
And it will fade, it all away

Hey People

(Music & Lyrics Christine Sweet)

Things are not always right
And if you look up into the sky
There's no more clear blue skies to see

Why can't we receive the love
Is it so hard to carry a true heart
It isn't so hard to set yourself free (choir: If you do it with love yeah)

Chorus:

Hey people, do you know that I love you
Believe it or not, believe it or not
Hey people, do you know that we're all one...don't you?
Believe it or not, believe it or not

Overcome fear and overcome you
Discover what's real, discover who are you
There's so much to love and nothing to lose

Why don't we do this all together
Building a world of love forever
Defeating the evil ones right now (choir: And we do it with love yeah)

Chorus:

Hey people, do you know that I love you
Believe it or not, believe it or not
Hey people, do you know that we're all one...don't you?
Believe it or not, believe it or not

Bridge:

With love,
With love yeah
Come on sing it
We're gonna do it with love yeah

Chorus:

Hey people, do you know that I love you
Believe it or not, believe it or not
Hey people, do you know that we're all one...don't you?
Believe it or not, believe it or not
Believe it or not, believe it or not, we're gonna do it with with with
Believe it or not, believe it or not, we're gonna do it with love
Believe it or not, we're gonna do it withlove

Receive and Believe

(Music & Lyrics Christine Sweet)

I really wanna be the one but I, can't believe the loving words you say, ohowo
Torture on my heart to long and I, I can't receive the love you gave, ohowo
You're the only one I want, for good
So don't you run away, even though you should

Chorus:
Cause I
I wanna live, I wanna live
And I
I learn to give, I'll learn to give
Yeeheeyeehehe

Life surprised me with a true love, instead of gratitude there's fear, fear of flying
How was I supposed to love you, while I was drowning in my tears, ohowo
You're the only one I want, for good
So don't you run away, even though you should

Chorus:
Cause I
I wanna live, I wanna live
And I
I learn to give, I'll learn to give
Yeeheeyeehehe

Bridge:
Sing with choir: ooooooh 2x

Chorus:
Cause I
I wanna live, I learn to give
Ooo I
I wanna live!!!!

Outro:
Life surprised me with a true love, I have no other choice, than stay

The Universe

(Music & Lyrics Christine Sweet)

Who wants to know their soul, not the mask that shows, all the way you know
When will it all begin, connecting from within, No one to lose, no one to win
On and on the world is turning, there must be something more above our heads
oo hoo, oo oo hoo oo oo oo owohohowo

Chorus:

There is a mystery of the soul
Like the universe and black holes
ohowohowo ho ohowohowo ho ho
There is a mystery of the soul

What, what we try to hide is nothing more than light, we're beautiful inside
Fear is corrupting every tear, but tears are liquid light, are we prepared to fight for the
light
On and on the world is turning, there must be something more above our heads
oo hoo, oo oo hoo oo oo oo owohohowo

Chorus:

There is a mystery of the soul
Like the universe and black holes
ohowohowo ho ohowohowo ho ho
There is a mystery of the soul

Bridge:

We are not alone, we'll make on our own
But I don't wanna go, alone
We're so close to home, closer then you'll know
And we're not gonna go alone ooooohohoho

Chorus:

There is a mystery of the soul
Like the universe and black holes
There is a mystery of the soul
Like the universe and black holes

There is a mystery of the soul
