

New Morning Comes

(Music & Lyrics Christine Sweet)

No time for fun, no time for love
No time for reaching out, damage is done
No safety zone, you are all alone
Better move your eyes, towards the sun

Chorus:

Cause it will take as long
Until the new morning comes
And it will fade, it all away

You just made a very bad choice, bad shit just happens
Why not give your grief a voice, and sing until it never happened
Time sure will heal, no way you're gonna hang your head
We all have to deal with mistakes, and sometimes it's bad

Chorus:

Cause it will take as long
Until the new morning comes
And it will fade, it all away

Bridge:

Things happen to you, things happen to me too
It's all right it's ok, it's all right it's ok, It's all right it's ok, it's all right it's ok
Things happen to you, things happen to me too
It's all right it's ok, it's all right it's ok, It's all right it's ok, it's all right it's ok

Chorus:

Cause it will take as long
Until the new morning comes
And it will fade, it all away

Bridge:

Things happen to you, things happen to me too
It's all right it's ok, it's all right it's ok, It's all right it's ok, it's all right it's ok

Chorus:2x

Cause it will take as long
Until the new morning comes
And it will fade, it all away
