

CHRISTINE SWEET

The Music

Two of Them

(Music & Lyrics Christine Sweet)

She loves the morning light,
She loves the evening light
She loves the way he loves her
He is her prince of tides, he is her lover knight
He's in the way she moves him
He's in the way she moves him

I can see the people who don't want them to
Be in love the way they are
They try to pull them down
And they will always frown
When they openly share their joy
When they openly share their joy

Chorus:
Who do they love, they are lonely in their hearts
Who do they care for with their empty jealous hearts
Sing lalalalaaa, Sing lalalalaaa

Bridge
Ohooohohoho, Ohooohohoho
She loves she loves love love

I can see the people who don't want them to
Be in love the way they are
They try to pull them down
And they will always frown
When they openly share their joy
When they openly share their joy

Chorus:
Who do they love, they are lonely in their hearts
Who do they care for with their empty jealous hearts
Sing lalalalaaa, Sing lalaholalaaa

Outro
